Term 1 Week 6

Whaia Kia Tutuki ~ Strive to your Potential

11 March 2021

Aue, Ka Mau te wehi!!

What a fantastic night!!! We were completely overwhelmed with the massive turnout of whānau and tamariki we had last night for our Family Fun Night! It was so good to see our tamariki enjoy the range of activities we had on offer - the bouncy castles and tug of war were a great hit!

It was also wonderful to see so many whānau attend the seminar hosted by John about online safety. His messages are incredibly powerful and helpful as we all support our tamariki with understanding and navigating an online presence. We will share on Facebook and Seesaw the resources and videos that John mentioned during his talk.

We have already booked John in again for next year, such as the value we place on his knowledge and messages for us and our tamariki.

Thanks again whānau for coming along to our Family Fun Night - we thoroughly enjoyed it and valued your attendance.

Growth Mindset

This term, we are learning about developing our Growth Mindset. The concept of a Growth Mindset was first coined by Stanford Professor, Carol Dweck. In its simplest form, a growth mindset is about not giving up, giving things a go, and working through something that is hard. Only when we work through something that is challenging, do we further grow our thinking capacity and ability to try new things. The picture on the right, shows Brain Boxes from Akomanga 22, of how they have been going their brains and their growth mindset! Ka mau te wehi, Akomanga 22.
